1957 EXECUTIVE BOARD

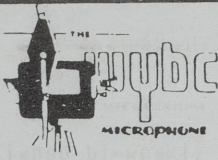

As the year 1955 draws to a rapid close, WYBC, the Yale Broadcasting Company, once again announces the members of the Class of 1957 who will serve as the executives of WYBC for the year 1956. They will take office at the start of the second term in January, replacing the present board who have been serving

since last January 19.

Eight Officers Elected

The newly elected members are Dick Lumpkin, Chairman, Pat Baker, Business Manager, Bruce Agnew, Program Director, Jack Barber, Public Relations Director, Rick Kirgis, Vice-Chairman, Ken Gergen, Secretary, and Ed

PARDON OUR PROGRESS

Does anybody know what a Green Dolphin is? We will be willing to bet that very few people have any idea what connection a Green Dolphin has with WYBC. We do know one person who does, however. Ken Gergen, the Emcee of Pardon Our Progress on Mondays and Thursdays rides one.

You must be thoroughly confused. Ken Gergen is the man who owns a huge collection of progressive jazz records and plays them on his own show on Monday and Thursday nights at 8:05. The show is called Pardon Our Progress.

Ken not only plays records, but he is constantly roving the campus to find other informal groups here at Yale who have the same love for progressive jazz that he has and who want to come on his show. Ken, in addition to the famous artists such as Brubeck, Kenton, Gerry Mulligan, etc., digs deep into his own and into the files of WYBC for artists not so well known. In addition, Ken is a very fine critic of progressive jazz.

The Green Dolphin? You'll have to listen to find out.

Finitude

Mark N. Finston

Like all radio stations worthy of the name, we get our share of strange visitors. There is a wide range of activities encompassed in these visitors.

Last year, for example, the woman president of the Planned Parenthood Club was discouraged from conducting a forum on this subject over the air. One day last spring a man arrived with travel folders which contained a 'Secret plot to destroy the President.' He wanted us to phone Ike so that he could be provided with a guard of '3 men and 3 women, all armed with machine guns.' The campus police later told us he had escaped from the Middletown mental hospital but was harmless.

When I did the Morning Show last year I was consistently visited by Wilbur Cross Girls who liked to dance to the music. Once I interviewed them to discover what sort of boys they liked. Since I do have a crewcut and am not a Wilbur Cross athlete I found I was out of the running and barred them from the station. Ted Calleton, my successor, has long hair and is a T.D. athlete. Perhaps he's faring better.

We have had several hundred visits by the fellow who wrote the song 'Compare', asking us to play it on every show. Drunks are politely ejected from the building twice a week. Ah, for visits by sane, sober Yale men.

EXECUTIVE BOARD:

<Continued from Page One>

Lynn, Technical Director. Dick Roberts was elected to serve as the Representative to the IVY Network for the coming year.

The new board is represented by many departments. Lumpkin and Agnew served previously as Assistant Program Director in charge of Administration, and Continuity Director respectively. Ken Gergen was the Assistant Program Director. Pat Baker held the position of Solicitation Manager, while Jack Barber was the Office Manager. Rick Kirgis was a member of the Sports Department and did much announcing of Yale games. Ed Lynn was Chief Engineer prior to his election.

Stardust

Artie Shaw's famous recording of Stardust ushers in Yale's only all request show every night Sunday through Friday at 11:15. Stardust, both the song and the show have been very popular here at Yale for many years. Stardust, the show is a show that you produce, direct, and do everything except announce and play the records.

Mike Shepperd, Bill Massy, Mark Finston, Dick Goldman, Joel Daly, and Fred Abramson are the Stardusters through the week and they absolutely cannot put the show on the air without the help of the general populus of the Yale community.

WYBC has a record library with a collection that is counted in numbers of four figures. If the record is not in the files at the station and you have the record, bring it down and the Starduster of the night will be only too happy to spin it, provided it is not banned by the FCC.

Stardust is a perfect way to end a long day. The telephone number is UNIVERSITY 5-6400.

OLD GOLD TIME

Old Gold Cigarettes presents Miss Jill Corey. If you don't know Jill, brother, you're missing something. Most people are not too fond of blind dates, but I guarantee that this is one you can't help liking. I'm going to give you that old 'great personality' routine, but before you burn the page, read on.

Jill Corey is a talker, but what a talker! She talks like nobody ever thought a person could talk. Maybe you don't like talkative dates, but this one is different. When she talks she doesn't bore, she excites.

Jill Corey is a singer, but she is not the kind that hums i-

dly at just the wrong moment. She sings like nobody ever thought a person could sing. Maybe you don't like dates who sing, but wait till you hear Jill sing. She makes you dizzy.

I still haven't convinced, huh. Listen, this girl is relaxation plus. She's quiet, soft, and very friendly. Now what more do you want? Here is a girl with everything.

I know, I haven't told you what she looks like. Believe me, I'd like to, but you see the thing is I can't. She's on WYBC every weekday night at 10:45 for Old Gold. Why not listen?
